

ST. LUKE PRESBYTERIAN CHURCH

AMARILLO, TX

CORONAVIRUS PROTECTIONS UPDATE AS OF MAY 17, 2021

Dear St. Luke,

As promised, we are doing our best to be more flexible as our community health situations improve! On Sunday afternoon, your session decided to relax a few of our transitional procedures.

The restrictions placed on the size and number of groups per day has been removed. If you would like to schedule a group, please contact the office.

The mask policy has been adjusted to make their use optional for all church activities, including worship. We will still have pews marked to designate seating, as we will continue to welcome the singing of all church participants, and we want to provide for social distancing out of an abundance of caution.

You will see me from time to time continuing to wear my mask, and that is because I have two little ones in childcare who can neither wear a mask nor understand the meaning of social distance. Also, I recognize not all of us are ready to let go of our masks yet. I will wear my mask for visits as a default, and feel free to ask me if I feel comfortable removing it.

Grace and Peace,

Pastor Kati
